VERSAILLIS TREATY HAGGLING SEQUEL OF SENATE DELAY

Refusal to Sign the Protocol Terms Prevents Putting Pact in Effect at Specified Time.

(BY CABLE-EXCLUSIVE DISPATCH.)
PARIS, Nov. 26.—Putting into effect the Versailles treaty has been postponed.
The Allies will not be able to deposit their ratifications next week because the Germans have refused, at least for the present, to sign the protocol.
The Allies had hoped to have the German desire to have American participation on the treaty commission, it is conceivable that the coming of peace on the pretext of the Allies' stand may be construed as the sequel of the Senate's delay.
The Allies have no definite idea when the treaty will be signed. The matter hangs upon the reply of the German government to the note sent today expressing surprise at the withdrawal of the Allies from the treaty without notice last Saturday, calling the attitude of the Berlin government to the consequences of delay and asking the Allies to reconsider their position.

CALLS 15 CENTS FOR SEEDED RAISINS HIGH.

FRESNO MAN DECLARES PACKING COSTS DIDN'T WARRANT THE 1919 PRICE.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 26.—Charles G. Bonner of Fresno, Cal., testified before the Federal Trade Commission today that the California Raisin Company's 1919 price of 15 cents a package for muscat seeded raisins was excessive. The price, he said, should not have exceeded 10 5/8 cents, based on all legitimate cost factors. Mr. Bonner told the commission that the packing and growing costs had increased not more than one-quarter of a cent a pound each over 1918.

PERSHING WILL INSPECT BORDER

Property to be Inspected by General.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Nov. 26.—The only man here today for possible inspection by the Mexican government is General Pershing. The Mexican government is anxious to see the American general, but the American government is not anxious to see the Mexican general. The Mexican government is anxious to see the American general, but the American government is not anxious to see the Mexican general. CONSUL JENKINS'S WIFE WRITES FRIENDS HERE.

MRS. ALDRICH OF SANTA MONICA GETS DETAILS OF FAMOUS KIDNAPING.

(LOCAL CORRESPONDENCE.)
SANTA MONICA, Nov. 26.—While talking this afternoon of the imprisonment of William Oscar Jenkins, Mrs. H. L. Aldrich, wife of the man who manages the Santa Monica Hotel, declared that she believed the accusations were absolutely false.
"Jenkins is a man of the highest integrity. If he were not, it is ridiculous to think that he would commit such folly at the time of an approaching election."
When asked about the rumor that Jenkins, after liberation, and his wife were seen breakfasting with Cova at his hacienda, Mrs. Aldrich said:
"That couldn't be true. I have just received a long letter from Mrs. Jenkins which says that Jenkins spent the first ten days he was liberated in the hospital, recuperating from illness brought on from the conditions he was in when he was captured. He was in constant fear of his life, and he was not able to leave the hospital until he was well enough to do so."
The attitude of the United States government in refusing to help Oscar Jenkins, who has been in the hands of the bandits for some time, to collect any part of the ransom money was misconstrued by the Mexican element in Mexico to mean that Americans were easy game for political intrigue and grafters as well as bandits.

PROPOSING NOW TWO IRISH PARLIAMENTS.

NEW HOME-RULE BILL PROVIDES FOR SENATE CHOSEN BY BOTH LEGISLATURES.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Nov. 26.—A new home-rule bill setting up two parliaments in Ireland, with a council or senate of forty to be chosen by the two, probably will be introduced in Parliament within the next two weeks.
Daily sessions are being held by the Cabinet committee in charge of the measure, the subject under discussion at present being finance, which is in charge of a subcommittee under the chairmanship of J. Austen Chamberlain, Chancellor of the Exchequer.
Control of the customs has always been a point of sharpest difference when other home-rule schemes have been debated and was one of the rocks upon which the Irish convention was shipwrecked. Control of police is another knotty point.

WIDOW OF PATRIOT IN DEATH'S SHADOW.

NEW YORK, Nov. 26.—Mrs. Felipe Angeles, wife of the Mexican revolutionary leader, is gravely ill at the home of friends here, and has not been notified of his execution. Friends with whom she is stopping stated that she was in a very precarious condition, and they feared to give her the news at this time. Mrs. Angeles came here from El Paso three months ago, with her daughter, aged 23 years, and three sons, the eldest of whom is 19. Since her husband's capture she has had direct word from her husband, who was wandering around in the wilderness of the interior of Mexico. Her illness is said to be due to nervous exhaustion resulting from worrying over Gen. Angeles' safety.

SCORN BREAKFAST CALL.

Seventy-three radicals, avowedly anxious to go to Soviet Russia, but on strike against attending deportation proceedings before immigration inspectors, again scorned the call to breakfast. This was the fourth meal they had missed since adding a hunger strike to a "silence" strike in an effort to attract publicity without an iron barrier intervening between them.

SUGAR CAR WANDERS.

SEARCHING FOR OWNER

(BY A. P. DAY WIRE.)
CHICAGO, Nov. 26.—A carload of sugar originally consigned by the Goddard Sugar Company, Nashville, Tenn., to J. P. Haddam, Co., Chicago, rolled about undelivered for a month, was resold four times and piled up 4 1/2 cents a pound additional cost to the consumer, according to a statement today by R. J. Poole, city food director.
Containing 54,250 pounds of sugar, the car moved first to Paducah, Ky., then to Omaha, Neb., and finally to Minneapolis. Total charges of \$2466 piling up against the carload as it passed from broker to broker, said Mr. Poole. His tabulation was only Mr. Poole's. The month ending November 15, he said, and the car "so far as we know still is rolling."

ALL-RUSSIAN LEADERS APPEAL FOR LOYALTY.

(BY CABLE AND ASSOCIATED PRESS.) IRKUTSK (Siberia) Friday, Nov. 21.—The all-Russian government today issued this appeal: "In spite of temporary misfortune we are, before, ready, for a struggle until our enemies are quashed. Our army is performing its duty, and we call upon the population to support the army. We strongly believe final victory will rest with our cause, but the salvation of our country depends upon the co-operation of all Russian progressive forces." "We appeal to the citizens of Russia to struggle until the end for the land and the law, for real democracy and a constituent Assembly."

Old-Time, Obsolete Remedies Discarded.

Winter offers little relief to the victim of Catarrh, very shortly you will know more.

During the mild months you have enjoyed relief from the disease, but do not mistake for a cure.

Catarrh is gone, for a while, but you will find that it is still with you.

MINERS' HEADS DEFY GARFIELD.

Say They Won't Accept Findings in Wage Inquiry.

Fuel Administrator is for a 14 Per Cent. Advance.

More than Cuts in Two Secretary Wilson's Figures.

WASHINGTON, Nov. 26.—A wage advance of 14 per cent. for all mine workers, maintenance of government control over coal prices and no increase in prices at this time were the conclusions of Fuel Administrator Garfield, announced tonight to the operators' and miners' wage scale committee.

Declaring Secretary Wilson, acting as the "authorized agent of the Cabinet and of President Wilson," had offered an increase of 11 1/2 per cent. John L. Lewis, acting president of the mine workers, asked if the government intends to "repudiate the acts of Secretary Wilson."

Dr. Garfield replied that Mr. Wilson made his proposal as a mediator to facilitate negotiations and that Mr. Wilson told him today it was the duty of the Fuel Administrator to fix prices, and that it was not the function of the Secretary of Labor.

"The Cabinet has decided that the basis I have suggested is sound and right," Dr. Garfield said.

Lewis announced that the miners would not accept.

GARFIELD'S STATEMENT. Dr. Garfield's statement follows in part:

"On the 24th instant I announced that the public must not be asked to pay more than it is now paying for coal, unless it is necessary to do so in order to provide reasonable wages to the mine workers and a reasonable profit to the operators. Careful investigation forces me to the conclusion that in accordance with this and the other principles set forth on the 24th instant the public ought not to be required to pay any increase in coal prices at this time."

"The prices fixed by the government on coal were calculated to increase production for war purposes. Coal was basic, and the increase in production was imperative. The operators are now in receipt of margins which were necessary to effect that increase of production, but which are larger than are required under present conditions. It was estimated that the production needed for 1918 was \$60,000,000 tons. The estimate for 1919 is \$60,000,000 tons."

I have taken the figures of the bureau of labor statistics for both cost and living and for the weighted average of wage increases. According to these figures the cost of living has risen 19.8 per cent. since 1913, and the amount necessary to bring the average wage of mine workers up to this point at the present time is 14 per cent.

AVERAGE INCREASE. "It seems to me that the reasonable way to deal with this situation is to give to the industry as a whole an average increase commensurate with the increase in the cost of living, and then let that amount of increase be apportioned in accordance with the basis on which the operators are now operating."

"Control of prices by the government will be maintained for the present. Therefore, to aid in applying the principles which have governed us and which should govern us in reaching conclusions in the future, it is urged that a permanent consultative body, with purely advisory powers, be set up, consisting of the Secretary of Interior as chairman and of an equal number of representatives of the operators and of the mine workers, chosen in such manner as they may each determine from time to time."

In the midst of a sharp cross-fire of questions, Frank Farrington, president of the Illinois district of United Mine Workers, asked Dr. Garfield if the miners would be regarded as "outlaws" if they did not return to work.

CAN'T COMPEL WORK. The government never has attempted to compel men to work against their will, but every protection would be afforded miners willing to return to the mines, Mr. Garfield replied.

Farrington replied that he did not think this would be necessary for miners in Illinois, as he did not believe there were any in the State who would care to return under the new wage conditions.

Phil P. Penna, operator of Terra Haute, Ind., said the 14 per cent. increase would more than absorb the margin of profit of the Indiana mines this year.

"How are these mines to continue in operation?" he asked Farrington.

Dr. Garfield replied that under a falling market of demand the "high cost of operating" mines would have to close or else operate at a loss.

Many of these mines, Mr. Penna said, represent the "labor and sacrifice of men's lives, of men who are too old to commence again, and the government must not make a demand that puts men out of business."

After a three-hour conference, at which representatives of the miners openly declared the new scale was "insulting" and sharply questioned Dr. Garfield, the subcommittee of miners and operators met to consider the settlement plan and quickly adjourned. Another meeting will be held tomorrow.

When the joint conference with Dr. Garfield adjourned tonight the subcommittee of miners and operators went into executive session to discuss the government's "statement of facts."

"The miners' refusal to accept," he stated the miners would not accept, as he started into the meeting.

The subcommittee, after a five-minute session, adjourned to meet tomorrow to give further consideration to the new wage offer.

CIDER'S DESTINED TO BE THE C.A.D.

NEW YORK, Nov. 26.—Prohibition has bred a national thirst for cider so irresistible that apple juice promises to become the great American drink, according to Dr. Eugene H. Porter, State Commissioner of Food and Markets.

"What might be termed fabulous profits," the general average being from 100 to 150 per cent. on invested capital, according to a statement issued tonight by Secretary Glass, based on data furnished by experts of the Internal Revenue Bureau.

"Coal operators generally in the United States in the years 1914 and 1915 lost money, when normal depletion and depreciation are taken into consideration," the statement said.

"In the latter part of 1916 all coal companies in the United States, save those in the extreme West, began making money, with the result that operations for the year 1916 generally show a profit of from 10 to 25 per cent. on capital invested."

"In 1917 all bituminous coal mines east of the Mississippi River made what might be termed fabulous profits, the general average being from 100 to 150 per cent. on invested capital, the range being from 15 to 500 per cent."

"In 1918 conditions were not so good in the Appalachian and central competitive districts, profits generally being reduced to 25 to 30 per cent. less than for the preceding year, the range being from 15 to 200 per cent. on invested capital. In the West conditions in 1918 were better than in 1917, the profits in the Rocky Mountain districts ranging as high as 400 per cent. on invested capital."

"Unofficial figures for 1919, incomplete, of course, indicate that profits of the operators are less than for 1918, some of the operators claiming to have actually lost money."

CHARLES OF AUSTRIA CANDIDATE FOR KING.

BERLIN, Nov. 26.—Prince Ludwig Windisch Graetz, former Austrian Minister without Portfolio and an intimate friend of former Emperor Charles, said to a representative of the Lokal Anzeiger today he did not believe anyone could be found in Hungary to accept the throne with the country in its present state, but that if the Emperor should recognize a king, it would be Charles.

The Prince asserted that if the National Assembly called for a king, Charles would accept the election.

"King Charles never abdicated and regards himself as the legitimate crowned king," he declared.

EGYPT IS STEADIER. (BY CABLE AND ASSOCIATED PRESS.) LONDON, Nov. 26.—The imposition of stricter regulations in Egypt has resulted in an improvement in the tone of the native press and the situation generally, according to a dispatch from Cairo under last Friday's date.

One good woman writes: "You're certainly 'some' real estate concern; with the competition of free excursions and free lunches to charge a fee for a salesman's time to go see your land—and on top of that to ask 5c for a booklet to read about it, when one feels they can't afford a dollar to go look first!" And we answered: "Dear Madam: We do not be a 'real estate concern.' We are an institution. We are instituting many reforms valuable to the public, and it is some wonderful land that is worth a dollar to look at and 5c to read about before you buy,—but thanking you," etc., etc., etc.

What thanks can we render?

Again the cycle of Time has turned and we in America are come to Thanksgiving.

Business and Commerce cease for the day. Americans are bowed in the prayer of Gratitude. A psalm of praise goes up to the Maker of all things good. We count our blessings.

Does the day find us on the hillsides? Then we rejoice and aspire to reach the mountains.

Are we in deep waters? Then we give thanks for the ability and fortitude to pass through them.

On Gratitude, Refolding and Loveless sleep. It is the Feast of Spiritual.

Americans recognize the material bounty—turkey, cranberries and a football game, as pleasurable but secondary.

RAIL WALKOUT VOTE DELAYED

Delegates of Four Brotherhoods Take No Action.

Discuss Strike and General Increase in Wages.

Hesitate on Hines Plan After Some Mathematics.

(BY A. P. DAY WIRE)

CLEVELAND, Nov. 26.—No action looking toward a railroad strike by the four railroad brotherhoods was taken today by the 500 general chairmen meeting here to act on Director-General of Railroads Hines' offer of time and one-half for slow freight service, and no vote was taken on the proposition, although a motion to vote on it was adopted. The conference adjourned late this afternoon and will meet again tomorrow morning. Discussion of the proposition and the request of the firemen and trainmen for a general wage increase occupied this afternoon's session.

At noon one of the brotherhood chiefs announced a vote on the overtime proposition had been taken, but it later developed this was an error and that only a motion to vote on it was adopted. When the conference reassembled this afternoon the Director-General's offer again was taken up. Many amendments were offered by the delegates, and further requests were sent to Washington for explanation of its workings in connection with the elimination of arbitrators and allowances, as stipulated by the Director-General.

FIGURING SOME.

It was learned from an authoritative source that delegates are opposed to accepting the proposition if all arbitrators and allowances are eliminated, figuring that the loss of these arbitrators and allowances is nearly equal to the amount gained by the overtime offer.

Many delegates assert the members of the four brotherhoods have been discriminated against. It was said, in the recent granting of increased wages to other railroad employees.

The conference was called to discuss the overtime offer of the Director-General, but it was learned tonight the whole question of the relation of railroads' wages to the cost of living and to the wages of other railway workers has been debated thoroughly.

Many delegates take the stand that the government ought to adjust the pay of all railroad employees so that the same differentials will be preserved which were in effect at the time the railroads were taken over by the government.

Thousands of railroad workers who were getting lower wages than certain classes of employees in the operating service at the beginning of the war now are getting more. It is asserted, and speakers at the meetings are said to be insisting that the old differentials be restored before the railroads are returned to private ownership.

ENGINEERS SATISFIED.

The demand for a general wage increase by the Brotherhood of Firemen and Trainmen, which it is understood, is approved by the conductors' organization, was under discussion today. The firemen are asking an increase of approximately 50 per cent, and the trainmen 40 per cent. The engineers have not requested an increase.

FIND QUIET LIFE AT AMERONGEN MONASTERY AND SPEED BACK TO BERLIN.

(BY CABLE AND ASSOCIATED PRESS)

AMERONGEN (Holland) Nov. 13.—Although the former German Emperor appears to have found the quiet life at Amerongen to his liking, members of his personal suite have grown tired of village existence and recently there have been several changes in the ex-emperor's entourage.

Since Dr. Foerster, who for many months acted as personal physician to the former Emperor and Empress, departed for Berlin, about six weeks ago, there have been two new German doctors at Bontel Castle. The latest is Dr. Alfred Hachner, who came from Cologne a few days ago.

Gen. Von Dommers, who had been chief of the personnel suite for several months, has returned to Berlin, either on a vacation or permanently, and has been succeeded by Friedrich Von Bets of Berlin, who was a court official under the old regime.

Cousins Kellar, lady-in-waiting to the ex-empress, remains in service, however.

A system of vacations in Germany has been inaugurated for the former royal pair's personal servants.

Thanksgiving!

—Thy urge to us, a Nation, and to us as individuals, has been yearly new, since the Pilgrim Fathers and their womenkind, grim defenders of a new-born faith, walked, musket in hand, across the shorn New England fields to the little white meeting house and there expressed humble, sincere gratitude for life and love and achievement!

—We like to think, too, of another time in our life as a Nation, when Thanksgiving was

A Day of Peculiarly Sweet Social Significance

—such as the Old South made of it, when members of families came in swaying coaches and on horseback, from all the country 'round, to enjoy the fine, stately hospitality of that time and that section of the country—

When skirts, full many a yard around,
Fluttered their ruffles by the score;
When hats were tall and waistcoats gay
And life was—just a roundelay!

—We make bold to prophesy that

This Thanksgiving Day Will Likewise Be a Roundelay

—of sweet home reunions, broadcast o'er our land, of hospitality to be long cherished in memory, but that, not unlike the Thanksgiving Day of the Pilgrims, it will be, also, a time of humble, sincere gratitude—for life, for love, for achievement!

The Broadway will be closed
Thursday, Thanksgiving.

DUTCH STEAMSHIP LINES OVERWORKED.

(BY CABLE-REUTERS DISPATCH)

COPENHAGEN, Nov. 25.—Passenger and freight service between Denmark and the United States, developing rapidly since the armistice, has now reached a state where it is a burden to the steamship companies, which find themselves unable to cope with the business offered.

The biggest of these companies, the Danish United Steamship Company, has ten steamers operating between New York and Copenhagen, of which four are large passenger ships. When service opens up with the Baltic states much of the new traffic will naturally fall to Danish companies, and they find the shipyards unable to accept new orders for the next year.

DEATH-DEALING LAKE STORM STILL RAGES.

(BY A. P. DAY WIRE)

SAULT STE MARIE (Mich.) Nov. 26.—The storm that has swept Lake Superior since last Saturday showed no signs of abatement today.

A high northeast gale was lashing the east end of the lake and two more vessels, unidentified in reports here, have been driven ashore in the blinding snowstorm. One of them grounded during the night in the upper St. Mary's River near the point where the Ketchikan went ashore yesterday. Another steamer was reported ashore on Whitefish Point.

Home of the New Edison

—and no one could tell the difference

The Gardner Dances from actual photograph

Last night's audience mystified

Tries vainly to detect difference between voice of famous contralto and RE-CREATION by Edison's new phonograph

Those present at Trinity Auditorium last night saw Ida Gardner walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening lines of Sweet Genevieve. Then suddenly her lips were still—but the song kept flowing on.

How came this? They were hearing Miss Gardner's voice, yet Miss Gardner was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Miss Gardner's voice and the RE-CREATION of that voice by the New Edison.

This was the daring test undertaken last night at Trinity Auditorium by Thosam A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of Los Angeles were invited to pass judgment. No test could have been more exacting.

Miss Gardner made comparison after comparison. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

The NEW EDISON

The instrument used in last night's Tone-Test is the regular model which sells for \$285. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is capable of sustaining this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask some one who was present last night. Learn the amazing truth. Then come in and let us prove it personally to you.

New Edison Prices Sharply Advance Dec. 1

—the value in NEW EDISON prices has been forced by the greatly advanced costs of production, and set for years will you be able to secure a NEW EDISON for the prices now existing. Hear the NEW EDISON at once and secure one for your home. Our stock is now complete.

[BY CARRER AND ASSOCIATED PRESS.]
ROME, Nov. 24.—The Socialist organ *Avanti* today warns the government that D'Annunzio is preparing a surprise descent on Trieste.
The newspaper says that D'Annunzio abandoned his original intention of effecting a landing at Ancona, but recently sent emissaries to sound local officers at Trieste, giving ground for the belief that he is aiming at the establishment there of a military government.

A Beauty Specialist Gives Home-Made Recipe to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently put the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo's Compound and $\frac{1}{4}$ ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."

SATAN AND THE BOLSHIEVIT

BY HOMER POSE.

When Satan came to earth one day
To search around for easy prey,
He saw a man with reddish eyes,
Upon a soap box, spouting lies.
He damned this country up and down,
And talked just like a crazy clown.
He said the people had no rights,
And rather had we better die.
He wanted Russian methods here,
No law would ever interfere.
He wanted women's nationalities,
Industries stopped and parities.
He wanted work to be a word,
That's never spoken, never heard.
He wanted all that he could get,
To be a common property.
The devil turned a little pale,
And raised a bit his forked tail.
He clenched his adamant fists,
And said: "This talking business
On earth may have to live or die."
For I would kick him out of here,
He's far too mean for my good cheer.
I'd sooner feel the day's dispute,
To have a knave like him in
there.
Polluting hell with foulsten air."

THE OLD WORLD.

We've lived high on to fifty years
On this old uncomplaining sphere,
It's on the track and still in gear,
The engine running fine.
No screws are loose, no bearings worn,
The schedule's followed to the bone.
The speed has not decreased since
Since eighteen sixty nine.
Still there be those who say
And yell the world is growing old,
And swear the whole human race
Is rushing to a crash.
They say the engine loudly hums,
And water leaks from all the joints,
And hence we're headed for
ruin.
And one grand final smash.
They vow most every day
To meet.
But old friends Ananias best
To all the ways of wrong and
When angling for your sin.
With phrases soft and
sweet,
They'll make a last year's
best.
Look like a cherry fresh and
And seem to taste that way.
This pessimist or optimist,
Each with his own peculiar
Will view the world and feel
It's either ill or good.
And we prefer to hold the
There's nothing wrong about
you—
So as you'd have all others
And keep on being good.

Word was received here today from London, Eng., telling of the marriage of Mr. H. Hutchins, of 1835 West Thirtieth street, Los Angeles, in Le Havre, France, on October 25.

Hutchins was recently discharged from the U. S. Navy and shipped on the steamer West Carolina, built at the southwestern shipyard here. The West Carolina arrived at Le Havre on October 27 and the young couple were married two days later. The following day the vessel sailed for London, en route to San Francisco.

FORTUNE IN BOOZE IS ROBBERS' REWARD.

YEGG MEN OVERPOWER WATCH-
MAN AND CARRY AWAY
75 CASES OF WHISKY.

(SPECIAL DISPATCH)
SAN DIEGO, Nov. 26.—Seventy-two cases of bonded whisky, valued at more than \$4500, was stolen early this morning from a storage room in the Tourist's Garage. William Yeargin, night attendant at the garage, was bound and gagged, and the whisky taken away in a Ford truck, which made four trips to carry off the liquid cheer.

Delay in reporting the robbery to the police gave the robbers a start of some hours.

The stolen liquor was the property of the B & L Saloon. When the prohibition law went into effect, Manager Jesse D. Veale of the B & L rented the storage room and placed his entire stock of whisky, 112 cases, in storage. This was in conformity with the law, which prohibited him keeping the liquor on the premises occupied by his saloon. He Veale had been permitted by law to dispose of the liquor at current prices his loss could be estimated at near \$10,000.

The seventy-two cases stolen were all Bond Lillard whisky, the bandits disdaining about forty cases of liquor of other brands. If Veale had been permitted by law to dispose of the liquor at current prices his loss could be estimated at near \$10,000.

The City Commission is proceeding with its estimates on the road, in expectation of another special election to vote bonds.

VANITY OR RESOLUTE TO MEET SHAMROCK.
It is thought that the defender of the America's cup against Shamrock IV will be either the Vanity or the Resolute, the former yacht owned by Alexander Cochran of Yonkers, N. Y., and the latter by the New York Yacht Club. If the races are sailed next year seventeen years will have passed since the cup was last contested for. It was in 1893 that Sir Thomas Lipton last raced for the cup. On August 25-26 and September 3 of that year his Shamrock III was beaten in three straight races by the Reliance.

Speed Demons Ready for Big Ascot Spin; Horses Await Bugle.

BY ED O'MALLEY.

Whether the skies weep or Old Sol has an open gateway all day, the two big events will be pulled off at Ascot Park this afternoon before what promises to be a record crowd. The automobile contest brings together a dozen of the most daring drivers in the world and no matter what condition prevails the fifty-mile spin is sure to be check full of thrilling incidents and sustained excitement.

That speed demons laugh at drizzle and scotch mist was conclusively proved yesterday morning when five cars qualified by a fast drive in the swirling downpour. Chairman Bestel, who was at the course most of the day, declared, "When he returned to the track, the infield is muddy and wet and the rain had really benefited the big inclusions."

DOZEN TO START.
It will be definitely settled today just what time the bus wagons will dash on their journey. In case of intermittent showers, the time set will probably be when the sky is clear.

PONIES COME BACK.
And now for the ponies, which have come back with a rattling in Los Angeles. The two recent meetings, one at Ascot Park and the other at Exposition Park, were unequal successes. Each track boasted of a record crowd and this was directly referable to the renewed popularity of thoroughbred racing.

FRANK FARMER BOXES MCCORMICK A DRAW.
PORTLAND (Or.) Nov. 26.—Frank Farmer, Tacoma, and "Boy" McCormick, heralded as champion light heavyweight of England, fought ten rounds to a draw at Milwaukie, a Portland suburb, last night. Billy Wright, Seattle, and Scottie Williams, Chicago negro, welterweights, and Stanley White, Portland, and Harry Casey, Seattle, lightweights, fought draws.

MARTIN KNOCKS OUT TOM RILEY.
DETROIT (Mich.) Nov. 26.—Bob Martin of Akron, O., heavyweight champion of the Inter-Allied armies, knocked out Tom Riley of Minneapolis in the first round of a scheduled ten-round bout tonight. The knock-out came after two minutes and forty-one seconds of fighting, during which Riley was felled seven times by the twelve blows he received. The knockdown blows were right and left swings to the jaw, a left uppercut to the heart and left jab to the wind. Martin was untouched. In another bout, scheduled to go ten rounds, Frank Moran of Pittsburgh knocked out Homer Smith of Benton Harbor, heavyweight champion of Michigan, in the third round. Smith was felled three times.

BIG GRID DAY IN THE EAST.

Thanksgiving Football to Decide Championship.

Pittsburgh-Penn State Game of Great Interest.

Georgetown and Centre College Eleven in Clash.

(REUTERS DISPATCH.)

CHICAGO, Nov. 26.—The Thanksgiving Day programme of football games in the East will include a number of more than usual importance. Notwithstanding the fact that last Saturday's contest completed the schedule of many of the major teams, including Harvard, Yale, Lehigh, Lafayette, Stevens, Rutgers and New York University, while Princeton, Colgate, Dartmouth, Amherst, Williams and Wesleyan finished the week before, six games of more than passing interest, which promise to be unusually hard-fought, will be the features of the grid on Thursday.

These will be the meetings of Pennsylvania and Cornell, Pittsburgh and Penn State, West Virginia and Washington, Georgetown and Centre, Syracuse and Nebraska, Brown and Columbia.

CURTAIN DOWN.
The curtain of the 1919 games will ring down on Saturday with the playing of the Army and Navy game in New York, in which the most picturesque of all.

Cornell and Pennsylvania have met twenty-five times since 1893, the Red and Blue being triumphant in twenty to the Cornells' four. The Pennsylvania record during the current season has been much the more brilliant of the two, and the Red and Blue is a strong favorite, although the Ithaca work during the last ten days is reported to have shown considerable improvement.

DECEASED GAMES.
The Pittsburgh-Penn State affair will in a measure decide the championship of the State of Pennsylvania, inasmuch as Pittsburgh has defeated Lehigh, Washington and Jefferson and Carnegie Tech and tied the University of Pennsylvania, while the latter has defeated Pennsylvania and Lehigh. Each met with but one defeat, the former by Syracuse, the latter by Dartmouth. Washington and Jefferson, whose 7-1 defeat by Pittsburgh is the only blemish on their record for the year, and among whose victims is Syracuse.

(Continued on Second Page.)

JOHNNY IGOE IS TO MANAGE SHEVLIN.

CRACK EASTERN FIGHTER TO BE HERE READY FOR ACTION CHRISTMAS.

Johnny Igoe, the hustling representative of Babe Ruth, the world's greatest batter, has taken upon himself a real scrap and his name is Eddie Shevlin. Eddie is the welterweight champion of New England and has fought some of the best boys of his weight in America.

Eddie is to come here around Christmas time and will be ready and fit for all comers. Igoe has already been assured of several bouts in San Francisco for his man, and he may take Eddie north before unfolding him to a Doyle assemblage.

Shevlin has had 134 fights and has never been put to sleep. He and Jack Britton have gone twelve rounds, and Shevlin has licked all the good boys in New England.

COLLEGES ARRANGE FOR EXTRA GAMES.
SPokane (Wash.) Nov. 26.—Arrangements have been closed for a post-season football game at Portland on Christmas Day between teams representing Oregon Agricultural College and Notre Dame University. It was announced here today by James J. Richardson, general manager of athletics at O. A. C. The game at Portland is the only contest to be played by the easterners on their proposed trip. It was stated.

CENTRE COLLEGE WANTS BIG GAME.
Rah! for Centre College! newest candidate for East vs. West honors. Here is what an anxious Ohio fan has to say for the Centuries:

"In speaking of football teams to play at Pasadena New Year's Day what is the matter with Centre College, Kentucky? They have played a wonderful, consistent game all season, and have not lost a single one. They have not been quite so much in the limelight, but they have a team that will rank with any in the United States."

As a matter of record, Centre defeated the West Virginia team 14 to 6, the team that walloped Princeton 25 to 9 the previous Saturday.

FREES AND DODGE WIN AT HANDBALL.
Four matches were played in Charles Keppel's handball doubles tournament at the Los Angeles Athletic Club yesterday. The results follow:

In class B and C Dr. Ben Frees and Dr. Dodge defeated R. Hogan and J. Evans, 21-9, 21-15. In class D and E Norton and Harry Brand defeated Flack and Atterbury, 21-9, 21-14; Cameron Smith and Aubrey Austin defeated Urwick and A. Greenham, 19-21, 21-17, 21-14; J. Platt and J. R. White defeated Frank Howard and Bill Schloen, 21-12, 21-11.

No rain was reported from the Joaquin Valley. A singular coincidence in connection with the storm is the fact that it rained in

DAILY TRADE TALK.

New Department Store Site; Bank Expansion; Small-Coin Need.

BY CHAPIN HALL.

Announcement was made yesterday at the local office of the H. W. Buehler Company, financial agents for the Metropolitan Stores, operating a transcontinental chain of 10 to 15-cent department stores, that a lease had been secured through the agency of H. A. Rowan & Co., on the five-story building at 321-323 South Broadway, now occupied by the McMillan Company. The Metropolitan will occupy the entire building, and will probably establish a basement cafeteria. It will be one of the largest stores in the chain, and the building will be thoroughly remodeled to meet the requirements of the chain. The present lease has several months to run, but it is stated as a probability that arrangements may be made whereby the new lease can secure earlier expiration. A second site in Los Angeles is under negotiation, and in connection with the lease on the home office to secure locations for stores in Long Beach, Pasadena, Glendale, San Bernardino and San Diego. The \$200,000, 10 per cent preferred stock issue, which was announced several weeks ago, and which has found ready sale in Los Angeles and throughout the country is nearly gone and will be taken from the market at midnight Saturday.

The Union Bank Club, composed of officers and employees of the Union Bank and Trust Company, held its November meeting at the City Club. The principal speaker was Ralph Edgar P. Martin of Congress, who spoke on "The Elements that Make for Success." Other speakers were F. C. Turner, cashier of Union Bank and Trust Company, who told of his recent trip to New Orleans and New York as a delegate to the annual convention of the American Institute of Banking recently held in New Orleans, and Henry Runyon, credit manager of Union Bank, who spoke on "The Business of a Merchant Bank." William Martin, plant manager, played. Commercial Teller George Mosbacher and Sam Behrman were present as guests of the club. Retail trade was in the nature of a celebration of attainment by the Union Bank of a goal of \$5,000,000 in deposits, at which it has been shooting for several months. The rapid growth in deposits of this sturdy young financial institution is one of the best current indications of Los Angeles mounting prosperity.

Food Investments. Another featureless day, except for excellent inquiry and business in the several attractive line of investment securities now being offered by local firms, and the approaching holiday combined to slow down general business activity, and the day was one of unusual calm. On the stock exchange there was little movement; the market was soft and trading in small volume and not particularly indicative of anything. The high lights probably lay in the decline of Delaware Union, and the strengthening of Amalgamated. Retail trade was fairly brisk in spite of the nature of any short Thanksgiving sales. Chickens and ducks were in demand rather than the high-priced turkey, but even with the popularity of the humble fowl there were few holiday birds left on the hooks by closing time. Prices were well maintained, and varied from cents in some Main-street establishments to 60 cents at their more pretentious Broadway cornereries; 55 cents for more than last, and \$1 per head is the favorite estimate. There will be a general suspension of business today.

BANK EXPANSION. James O. Moore, for several years connected with the International Bank of late with the Bank of Italy, has severed his connection with that institution and is presently located with the Los Angeles Trust and Savings Bank as assistant to the president. A. H. Lewis, for some time manager of the Seventh and Central avenue branch of the Los Angeles Trust and Savings Bank, has been elected assistant cashier and assigned duties at the main office. The business of this bank has increased so rapidly that it is found necessary to occupy another entire floor of its building at the northwest corner of Ninth and Spring streets. At present the various de-

partment stores, which are now being remodeled to meet the requirements of the chain, are nearly gone and will be taken from the market at midnight Saturday.

HOW CAN I INCREASE MY INCOME?

Have you examined your list of investments lately? You may find your own securities yielding returns unsatisfactory in view of constantly increasing living expenses.

is not always at hand, even in the case of the greatest business prosperity. For want of cash at times the most desirable financial opportunities are lost. To meet this need big business is largely run on the credit system.

Through familiarity with commercial conditions and a desire to assist the investor with a large or small capital, to take advantage of the good offer when it comes, has led ARONSON and COMPANY to introduce the Partial Payment Plan on Stocks and Bonds.

You pay cash—one-fifth down—and it continues to increase. At the end of a year the full yield on your investment is yours.

Our interesting booklet "The Aronson Thrift Plan" will give you full particulars. Send for one or call.

Second Financial and Market Page NEW YORK STOCK EXCHANGE FINANCIAL AND TRADE REVIEW.

(BY A. P. NIGHT WIRE.)

NEW YORK, Nov. 26.—The impending holiday, with its industrial uncertainties and the discouraging tone of cables and other advices bearing upon the foreign situation, combined to give today's stock market a general, though relatively moderate, setback.

Money and foreign exchange were not materially altered, call loans ruling at 7 per cent. most of the day.

Conditions in the steel and iron trade attracted wider attention because of the statements of authorities to become very scarce in consequence of the greatly reduced output.

Steels and affiliated shares were heavy when not weak and copper were subjected to constant pressure as a result of rumors affecting their dividend status and another cut in the price of the refined metal.

General Motors, Pierce-Arrow, Cadillac, Packard and Pan-American Petroleum, Texas Company, United Fruit, Endicott Johnson, American Tobacco and Worthington pump represented the chief elements of weakness at extreme action of 5 to almost 15 points.

Sales amounted to 1,240,000 shares.

Trading in bonds was again very extensive. Heaviness of Liberty issues, local traction and convertible rails being the chief features. Total sales (par value) \$27,250,000.

Old United States bonds were unchanged on call.

VITAL RECORD'S
THANKSGIVING.

Sixty-six Couples Licensed to Wed and Nineteen Get Divorces.

Many Los Angeles people will be thankful today, but none more so than the sixty-six couples who secured marriage licenses yesterday. The licenses were issued by the city clerk, R. S. "Cupid" Sparks. Sparks was thankful for what was nearly a record number for one day, and doubtless sixty-six more or less needy ministers will be thankful for the marriage fees. The age of the wedded-folks-to-be ranged all the way from 43 for Nils Paulson of this city, the oldest groom, down to little Miss Marjorie C. Miller, 17, also of Los Angeles, the youngest bride.

While on the subject it may be mentioned that other thankful persons are the nineteen couples whose divorce decrees were granted yesterday. It is less certain about the twelve pairs figuring in the list of divorces still filed.
